3,630 Sq. Ft.

Diesslin Structures, together with Ron Mazzeo Architects, has created a true labor of love with this 3,630 sq. ft. home. With three bedrooms and two and a half baths, this home represents a harmonious combination of diverse building elements, all in unity to create that most special feel. A warming entryway, featuring enormous timbers, gives way to a very tall and spacious great room, which flows onto an overly large deck. The Bottger/Burke home is all on one floor. This home also includes a three car garage as well.
