This two-story addition to match the existing building has several unique features. The student center has a gas fireplace and a food service area with indoor and outdoor patio seating. A high tech language lab including 5 small rooms for language practice, a 500 sq. ft. greenhouse to be used by the sustainable cuisine program, multiple simulation rooms with training headwalls and an ambulance simulator for the emergency medical services program, just to mention a few. The expansion will enlarge the building to more than 67,000 total square feet.
